

## Gestation

Circle of all life,  
From within You  
I listen to Your vibrations.

Deep calls to deep;  
Memory calls forth memories.

My mother's womb  
seems as real today  
as it was some forty years ago.

As Your energy flows through me,  
I am enlivened anew.

*Written with one foot on the labyrinth;  
Chartres Cathedral 5/17/99*
